# HOW INSURANCE WORKS

## Option 1: Use Your Personal Insurance

If you're with **AAA**, **Farmers**, **Allstate**, **21st Century**, **USAA**, **Wawanesa** or **American Family**, you can likely obtain coverage through your policy for free.

## Option 2: Buy a Policy from Our Trusted Partner

Don't have coverage? Purchase a policy through our trusted partner.
**International renters are OK**!

- Cost: $110–$190/day (prices rise closer to the event)
- Includes: Liability, collision, and comprehensive coverage

# REFUNDABLE SECURITY DEPOSIT

**A fully refundable $1,800 deposit** — not because we don't trust you, but because, well… it's Burning Man. This deposit is just for any accidental damage to the RV that is not covered by insurance and to meet the insurance deductible in case of a claim.

If everything looks good, you'll get the deposit back within 4–7 days.

# RESERVE YOUR RV

Secure your RV with a **$3,500** deposit,
then choose a payment plan for the remaining balance

### OPTION 1: PAY IN FULL

- Pay the remaining balance no later than 21 days before your reservation start date

### OPTION 2: PAY MONTHLY

- Split the balance into automatic equal monthly payments. No additional interest or fees
- Final payment must be completed at least 14 days before the reservation start date

### OPTION 3: PAY IN 12 MONTHS WITH AFFIRM

- Flexible financing with up to 12 months to pay
- Apply at checkout — takes about 5 minutes to apply

Chill RV and the team of Nika, Eugene, and Josh are second to none. First off, what amazing people to work with for my first ever **burning man**. They were there for everything we needed and more.

Our RV was so nice and well taken care of. Honestly, I feel sorry for everyone that does **burning man** without using Chill RV, you must like making things difficult for yourself haha.
