HOW INSURANCE WORKS

Option 1: Use Your Personal Insurance

If you're with **AAA**, **Farmers**, **Allstate**, **21st Century**, **USAA**, **Wawanesa** or **American Family**, you can likely obtain coverage through your policy for free.

Option 2: Buy a Policy from Our Trusted Partner

Don't have coverage? Purchase a policy through our trusted partner.
International renters are OK!

- Cost: $110–$190/day (prices rise closer to the event)
- Includes: Liability, collision, and comprehensive coverage

REFUNDABLE SECURITY DEPOSIT

A fully refundable $1,800 deposit — not because we don't trust you, but because, well… it's Burning Man. This deposit is just for any accidental damage to the RV that is not covered by insurance and to meet the insurance deductible in case of a claim.

If everything looks good, you'll get the deposit back within 4–7 days.

Chill RV and the team of Nika, Eugene, and Josh are second to none. First off, what amazing people to work with for my first ever **burning man**. They were there for everything we needed and more.

Our RV was so nice and well taken care of. Honestly, I feel sorry for everyone that does **burning man** without using Chill RV, you must like making things difficult for yourself haha.
